ENJOY OUR SECRET TEA MENU

MOROCCAN GREEN TEA WITH MINT

A delightful and exotic blend of green tea and mints, with a hint of lemon. China Young Hyson green tea, spearmint and peppermint from Oregon, and freshly cut lemongrass are combined for a fragrant, refreshing, and aromatic Moroccan Mint green tea.

GREEN TEA GARDEN

Sourced from Shaoxing County, in the Zhengjiang Province of China, this organic sencha green tea has been steamed, dried, and rolled into small needle shapes to intensify its taste. This caffeinated sencha pairs well with each of its organic add-ins, including chamomile, cinnamon, hibiscus, calendula flowers, and corn flowers. When brewed, this tea exhibits an exotic, floral flavor profile with a spicy cinnamon aftertaste.

JASMINE ROSE

Sourced from Wuyuan County, in the Jiangxi Province of China, this organic, caffeinated green tea has been infused with the essence of jasmine blossoms. Its place of origin, Wuyuan County, is often referred to as a portion of the "Green Tea Golden Triangle," since its altitude and climate are ideal for green tea cultivation. In order to transform it into a jasmine blend, the green tea from Wuyuan County is taken to Hengxian County, a place considered the "land of jasmine." For more floral flavor, rose petals have been added to the blend; rose is a wonderful complement to the aroma of jasmine. Once brewed, the jasmine tea has subtle, nutty undertones and a strong, rosy flavor profile.

RUBY MIST

Ruby Mist is a flavorful combination of hibiscus, peppermint, orange peel, lemongrass, cinnamon and rosehips. It brews up a beautiful, brilliant red color in the cup. It is caffeine-free and its refreshing tang and tartness is delicious hot or iced.

MANGO PASSION FRUIT

For our Mango Passionfruit herbal tea, we've taken fruity ingredients such as rosehips, orange peel, hibiscus, and lemongrass, and combined them with the naturally sweet flavor of mango and tropical flavor of passion fruit. Sweetened with licorice powder, the result is a colorful and aromatic blend that brews up a bright red-orange in the cup with the distinct flavor of fresh mangoes and passion fruits. It is delicious hot or iced and naturally caffeine-free.

BLOOMING TEAS

Choose a tea that blossoms into a bouquet of breathtaking flowers. Handcrafted by artisans with the highest-quality green tea leaves and edible flowers. When brewed in a glass teapot, tea flowers slowly bloom into a breathtaking display--while brewing the most deliciously-flavored, exquisitely-scented teas.
